Student Violence Threat Risk Assessment FAIR NOTICE

Chinook School Division is committed to creating and maintaining school environments in which students, staff, parents/guardians/caregivers and others feel safe. Schools cannot ignore any threat of violence.

What is a threat?

- an expression of intent to do harm or act out violently against someone or something
- may be verbal, written, drawn, posted on the Internet, or made by gesture

Duty to Report

To keep school communities safe and caring, staff, parents/guardians/caregivers, students and community members must report all threat related behaviours to the school principal.

What is the purpose of a Student Violence Threat Risk Assessment?

- to ensure and promote the emotional and physical safety of students, staff, parents, the student making the threat, and others
- to ensure a full understanding of the context of the threat
- to understand the factors that contribute to the person of concern's behaviour
- to be proactive in developing an intervention plan that addresses the emotional and physical safety of the person of concern
- to promote the emotional and physical safety of all

What behaviours warrant a Student Violence Threat Risk Assessment to be initiated?

A Student Violence Threat Risk Assessment will be initiated for behaviours including, but not limited to:

- serious violence or violence with intent to harm or kill
- indicators of suicidal ideation as it relates to fluidity (both homicidal and suicidal)
- verbal/written threats to kill others (clear, direct, and plausible)
- the use of technology to communicate threats to harm/kill others or cause property damage (e.g., computer, cell phone)
- possession of weapons (including replicas)
- bomb threats (making and/or detonating explosive devices)
- fire setting
- sexual intimidation or assault
- gang related intimidation and violence
- hate incidents motivated by factors including, but not limited to race, culture, religion, and/or sexual orientation

What Parents and Students Need to Know

- any threat must be reported to the school principal
- investigation may involve the student services counsellor, the police of jurisdiction, or other community agencies
- investigation may involve locker or personal property searches
- interviews will be held with the person of concern and other students or adults who may have information about the threat
- parents of students who are directly involved will be notified
- threatening behaviour may result in disciplinary action
- an intervention plan may be developed for the student making the threat and a support plan developed for any individuals targeted by threats

The information in this brochure reflects the thinking and work of J. Kevin Cameron, Director of the North American Center for Threat Assessment and Trauma Response.

The complete Violence Threat Risk Assessment Protocol may be found on Chinook School Division's website at www.chinooksd.ca.

Chinook School Division Responsible Use of Technology Policy (7-12)

Computer Technology and use of the Internet are integral parts of today's curriculum. Unfortunately, not all of this information is appropriate for the student or for the school environment. The student bears the responsibility of monitoring his/her own behavior when viewing such material and when using the facilities and equipment provided.

Access to computers and the Internet is a privilege. This privilege may be maintained through responsible use of the resources, but it may also be lost through inappropriate use.

Responsible Use of Technology and the Internet includes but is not limited to:

- ✓ Conducting research for school-based projects
- ✓ Creating classroom projects (essays, presentations, ...)
- ✓ Exploring career options
- ✓ Exploring computer systems
- ✓ Exploring personal interests (provided they do not fall into one of the "inappropriate" categories below)
- ✓ Exchanging email
- ✓ Creating Web content appropriate for a school-based web page
- ✓ Displaying a high level of computer ethics and etiquette

Inappropriate Use of Technology and the Internet includes, but is not limited to:

- * Sending, receiving, viewing or posting materials that are any of the following:
 - obscene, lewd, vulgar, rude, or offensive
 - promoting violence, sexism, racism, or hatred
 - threatening or harassing
 - false or slanderous about/toward another person or organization
- Note: This restriction applies to both public material and private messages.
- * Employing computers or the network for illegal or commercial purposes (including downloading copyrighted material, such as MP3's, logos, ...)
- * Using on-line resource material verbatim or without giving proper credit to the source of the information
- * Making purchases/sales using the school's computers
- * Visiting, using chat lines
- * Logging into the system, or attempting to log in, using any account other than your own
- * Printing information that is of a strictly personal nature
- * Engaging in any activity intended to disrupt the computer system
- * Vandalism or theft of equipment (including reconfiguring software)

The Students' Over-the-Shoulder Rule: If you would not be comfortable with a parent watching what you are doing over one shoulder and a teacher over the other, then you probably shouldn't be doing it.

Personal Safety - To ensure personal safety, students should:

- ✓ Keep passwords private.
- ✓ Not post or disclose any personal contact information, for yourself or anyone else. This includes your address, work address, or phone number.
- ✓ Not agree to meet with someone you have met online without your parent's prior approval. Your parent(s) should accompany you to any such meeting.
- ✓ Promptly disclose to your teacher or other school employee any message/contact you receive that is inappropriate or makes you feel uncomfortable.

PARENTAL CONSENT Photo/Video/Media Release

CHINOOK PUBLICATIONS

During the school year there are occasions when photographs of your child may be taken by staff of Chinook. Your authorization to use photos of your child in school division publications (brochures, annual reports, newsletters, etc.) is requested. Occasionally, student work samples and video clips may be used as well. Student names will not appear in these publications unless additional permission is granted.

The school division website (chinooksd.ca) contains school news, information and links to school websites and social media sites (ex. Facebook, Twitter, Google+, etc.). These online publications and tools are used to help the community learn more about our schools and allows us to highlight student achievements and school or school division activities and news.

Student photos may be posted online to showcase particular events or activities. Photos of large groups, or action photos where students cannot be identified, may be posted without parental permission. Personal information may be used to recognize student accomplishments or participation in academic or extra-curricular activities. Photos and videos may be utilized for instructional and Teacher Professional Development purposes as well. Sites may include links to media sources that include articles, photos and video of school and school division activities.

NEWS & EXTERNAL MEDIA

From time to time the news media may cover events or activities at your child's school. Whether or not you have concerns about your child participating in media coverage at school (being photographed, video taped or interviewed) it is important that we know your wishes. Media coverage may include the use of your child's name. All types of media outlets cover Chinook and school events, including but not limited to: newspapers/newsletters, radio, television/video and online.

It is standard practice for media professionals to gain parental permission at events where they wish to photograph/film/interview/name a child.

DRIVER AUTHORIZATION FORM

Name of Applicant – please print clearly

It is strongly recommended that all persons transporting Chinook students and Chinook students that have permission to drive themselves and/or other students carry Third Party Liability Insurance in addition to the basic insurance that you receive when you purchase your license plates. This recommendation is designed for your protection. Chinook School Division's insurance carrier recommends a package policy of two million dollars as being sufficient. You may elect to increase your coverage for any amount up to that figure but it is not compulsory that you do so.

I have a valid Driver's License # _____.

I have read this document and acknowledge the above recommendation.

Terms and Conditions of Consent**Acceptance of Risk**

1. I acknowledge that there is the possibility for injury in any sport. I have reviewed the risks associated with the sport/s listed below and understand that serious injury, and even death, is possible with such participation and I accept that there is a risk of injury to the student. I have had time to gather information about the sport/s and to ask questions of the school if I wished to do so.

Medical Information

2. I understand that certain activities require a minimum level of fitness and health (physical, mental, emotional) and that each person has a different capacity for participation in these activities. I agree that:
 - I have accurately set out the medical information concerning the student in this form;
 - I will immediately update the school/coach with any changes to that medical information.

Hodgeville School Chromebook Computer Agreement Grade 10-12

Hodgeville School is very excited to provide the grade 10-12 students with the opportunity to sign out a Chromebook for the semester that they can use for their school courses. These Chromebooks will be especially useful for the students to use in their Sask. Distance Learning Corporation (SDLC) courses, in class learning, and completing assignments for their courses.

We ask that students and parents sign this agreement if they would like to sign out a Chromebook for a semester/year. No chargers will go home.

I _____ understand that this
